PETITION FOR NEW MAILING DATE

Sir:

Applicant respectfully requests that the Office Action  
mailed November 20, 1992, in the above-identified application be  
remailed with a new effective mailing date.

A response was mailed in this application on July 28, 1992.  
When no further Office Action had been received after six months,  
the undersigned contacted the U.S. Patent and Trademark Office  
regarding the status of the application. On February 19, 1993,  
the undersigned spoke with Tina Plunkett who stated that an  
Office Action had been mailed three months earlier. Since the  
Office Action had not been received, the undersigned specifically  
requested that the Office Action be remailed with a new effective  
mailing date. The undersigned specifically stated that in view  
of the short time remaining in the three month period to respond,

U.S.S.N. 07/586,534  
Filed September 21, 1990  
PETITION FOR NEW FILING DATE

and the need to report the Office Action to the inventor, that it was not acceptable simply to telescopy the Office Action to the undersigned. On March 17, 1993, Angela Rossi called Ms. Plunkett to advise her that the Office Action had not yet been received. On March 18, 1993, a copy of the Office Action bearing the date of November 20, 1992, was telefaxed.

In view of the fact that the Office Action was not received in time to respond before the expiration of the three month time limit, and that the Office Action finally rejects the pending claims, applicant believes that the Office Action should be mailed with a new date.

Should a petition to the Commissioner be required in this matter, please forward this document and charge the appropriate fees for a small entity to our deposit account no. 11-0855. A duplicate copy of this Petition is enclosed.

Respectfully submitted,

Patrea L. Pabst  
Reg. No. 31,284
